

Kyocera DuraForce

Feature highlights:

- Rugged, waterproof design, resistant to shock and dust (IP-68 certified)
- 4.5" HD Impact-resistant touch screen –use with gloves or wet fingers
- PTT dedicated physical side button
- Front facing extra-loud dual speaker
- Superior audio clarity in noisy environments
- Access to Canada's largest LTE network:

The Kyocera DuraForce: safe for any workforce.

Built to military standards, the DuraForce offers 810G protection against dust, shock vibration, blowing rain, solar radiation, humidity and even water immersion. It's also certified for use in hazardous locations and extreme environments where flammable gases and vapors are not normally present.

Works on your terms.

It's tough 4.5" 720p HD touch screen is impact resistant, but also automatically adjusts its sensitivity levels so it can be used while wearing gloves, with wet hands and when the screen itself is wet. It also has dedicated hard keys to offer gloved hands quick access to important features, like activating the speakerphone.

One touch communications with PTT.

Quickly and reliably connect with an individual or group with the push of a button - even when wearing gloves. The DuraForce has a large, tactile side button that makes PTT calls easier; it can also accommodate an external PTT remote speaker microphone accessory if need be.

Never go unheard.

The DuraForce has loud, dual front speakers that can reach a peak volume of 100 dB, which is louder than a jackhammer from 6.5 feet away. It also has Smart Sonic receiver technology onboard, which allows you to hear clearly even in the noisiest work environments.

Platform

Operating system: Android 4.4 (KitKat)

Apps store: Google Play Store

Connectivity

Network compatibility: LTE

Maximum download speed: Up to 150 Mbps

LTE compatibility: Bands 1/2/4/5/7/17

HSPA/UMTS compatibility: 850/900/1900/2100 MHz

GPRS/EDGE compatibility: 850/900/1800/1900 MHz

Global access
