

# Sonim XP5

## Feature Highlights:

- Ultra rugged design resistant to drops, shock, water and extreme temperatures (IP68, IP69 certified, MIL-810G)
- Extra-loud dual front facing speakers for clear communication
- Powerful 3180 mAh battery with up to 25 hours of talk time and 25 days on standby
- Dedicated Push-to-talk button
- LED Torch with a dedicated push button
- Access to Canada's largest LTE network

## Built to handle anything with Ultra Rugged Performance.

Built to Sonim's world class Rugged Performance Standards and rated IP-68 and IP-69 (protected against close-range high pressure, high temperature water spray), the Sonim XP5 can be submerged in water, dropped to concrete or driven over with a pickup truck without missing a beat.

Sonim provides industry leading 3-year comprehensive warranty that covers even accidental damage.

## Get exceptional Push-to-talk service from Bell.

Next generation Push-to-talk service from Bell offers instant connectivity with the simple push of a dedicated button, keeping customers in immediate contact with their employees and suppliers. Coupled with blazing-fast data speeds, Bell now offers the largest selection of PTT enabled rugged devices in Canada.

## Blazing-fast LTE speeds

The Sonim XP5 runs on Canada's largest LTE network<sup>1</sup>, the gold standard for wireless technology and Bell's LTE network now reaches over 91% of Canadians from Coast to Coast. Everything you do using a Bell LTE mobile device on the Bell LTE network, from watching videos to running business applications, will be faster and better.

## Amazing battery life

The long battery life enables workers to use the device through multiple shifts, with up to 25 hours of talk and 25 days on standby.
